9mm Thickness

Setting Standards
for more than
two decades.

We have been in the industry since 1999,
raising the standards in the ceramic sector through
our high standards, and
our certificates are proof of that.

MOTTO®
Tiles & Bathware

About Company

Motto is one of the most dynamic & productive brands of the modern ceramic world that is brought to life by a visionary person Mr. Mahendra Patel. Over the years the company has developed manifold.

Since 2004, the inception year, to today we have expanded our reach to national & international arenas with a capillary presence in more than 70+ countries with 2500 satisfied customers.

Finest skills clubbed with state of the art technology have helped us to carve a niche, which is stamped by authorities as we are ISO 9001: 2018 Certified. Overall the company has marked its position as the leading Manufacturer, Exporter and Supplier of the exquisite Ceramic Porcelain Tiles for Wall & Floor.

For the extravagant spatial narrative

Grand spaces demand bold stories, interiors that pulse with energy, and a lavish splendor that wraps you in. Motto answers this call with its 1200x2400mm slabs, curated in a spectrum of surfaces for those who accept nothing short of extraordinary, who appreciate bold stories and grand aesthetics. With a focus on lavish splendor and energetic interiors, Motto ensures that every environment created with these slabs is extraordinary.

- 1. RESIDENTIAL AREAS
- 2. COMMERCIAL BUILDINGS
- 3. HOTELS & RESTAURANTS
- 4. HOSPITAL AREAS
- 5. HALLS & CORRIDORS
- 6. SUPER MARKETS

EMBRACE
MAGNIFICENCE
PAIRED WITH
PRACTICALITY

Attributes designed to ease lifestyle

At Motto, luxury is both robust and effortless. The 1200x2400mm slabs are not just visually striking but are engineered with practicality in mind.

Their sturdy build promises flawless installation and enduring beauty, while features like water resistance and minimal upkeep make them ideal for modern lifestyles seeking both opulence and convenience. Each slab boasts a sturdy, substantial build for flawless installation. Engineered for strength and reliability, they resist water and require minimal upkeep, promising enduring beauty with little effort.

Whether used on walls, floors, or a variety of other spaces, Motto slabs adapt seamlessly to any design vision. Their versatility allows architects and designers to experiment with different spatial configurations, bringing creativity to the forefront. This flexibility, combined with a range of surfaces, ensures that every project achieves a unique, personalized look while maintaining the highest standards of quality and style.

WORKING WITH THE VARIOUS
VERSIONS OF SLAB

CUTTING WITH DIAMOND DISCS

Our products can be cut using diamond discs fitted onto the hand-held electrical grinding machine. The speed of Disc rotation must be high (>10000 RPM) and should have a low feed rate (< 1 m/min). It may be required to cool the disc with water. Recommended discs are the thin types generally used for cutting porcelain stoneware. The surface should be kept on a FLAT base while cutting without any gap underneath.

DRILLING

You can use cutting discs fitted to battery-operated screwdrivers or angle grinders, or electrical drills as an alternative.

INTERNAL CUT / L-SHAPED CUT

To get internal and L-shaped corners & to reduce the risk of breakage, cut 'o' at the vertex of the internal corners using bits with a radius of at least 5mm. Then cut with diamond discs, be cautious to stop moving the cutting tool forward. To drill and cut using diamond discs, and more follow the instructions provided below:

- When using these tools:
- Cool the point being drilled with water
 - Don't put too much pressure and bear in mind the resistance of the type of laminated stoneware you are working on
 - If you are using tungsten bits, start drilling at a low speed
 - If you are using drills or screwdrivers, do not select hammering mode

SINGLE LAYER METHOD

DOUBLE-LAYER METHOD

COMPRESSING THE SLAB

IMPORTANT

All cutout corners must have a minimum diameter of 1/4". Never leave 90° angles. We recommend a radius of more than 1/4" when the kitchen design allows as it makes the countertop firmer.

CLEANING & MAINTENANCE

- Our products are non porous (due to their high quality raw materials, stringent production parameters and state of the art technology), hence any dust or deposited waste cannot penetrate the surface.

- For most cases only a damp cloth is sufficient for cleaning.

- Regular cleaning highlights the aesthetic features of the surface and gives it exceptional shine.

- For highly aggressive cleaning caused by some common food and substances follow the table below.

TYPES OF STAINS	CHEMICAL PRODUCTS	EXAMPLE
Grease	Alkaline - Solvent	Detergent
Oil	Solvent	Ammonia, Baking Soda
Ink	Oxidant - Solvent	Alcohol, Liquid Bleach, Nail Paint Remover
Rust	Acid	Hydrochloric Acid, Vinegar, Red Harpic
Lime	Acid	Descaling Agents, Hydrochloric Acid
Cement	Acid	Hydrochloric Acid
Wine	Alkaline	Ammonia, Liquid Bleach
Coffee	Alkaline - Solvent	Ammonia, Liquid Bleach
Rubber	Solvent	Alcohol, Thinner
Plaster	Acid	Hydrochloric Acid
Candle Wax	Solvent	Alcohol, Thinner
Iodine	Oxidant	Liquid Bleach
Blood	Oxidant	Liquid Bleach
Ice Cream	Alkaline	Liquid Bleach

Note: It is recommended that any kind of stain needs to be cleaned immediately, as soon as possible.
